

Physics.PhysicsWorld.Test1

Physics.PhysicsWorld.Test3

Physics.PhysicsWorld.Test4

Physics.PhysicsWorld.Create
ACustomShape

```
graph LR; T1[Physics.PhysicsWorld.Test1] --> C[Physics.PhysicsWorld.CreateACustomShape]; T3[Physics.PhysicsWorld.Test3] --> C; T4[Physics.PhysicsWorld.Test4] --> C;
```

The diagram illustrates a dependency or relationship between three test methods and a common method. On the left, three white rectangular boxes are stacked vertically, each containing a test method name: 'Physics.PhysicsWorld.Test1', 'Physics.PhysicsWorld.Test3', and 'Physics.PhysicsWorld.Test4'. On the right, a single gray rectangular box contains the method 'Physics.PhysicsWorld.CreateACustomShape'. Three blue arrows originate from the right side of each test method box and point towards the left side of the gray box, indicating that each test method interacts with or calls the 'CreateACustomShape' method.
